

Part # GEN-6-750-10

CorkSport Engine Cover 2006-2013 DISI MZR

Thank you for purchasing the **CorkSport Engine Cover for your Mazdaspeed3**. Tired of looking at the coil packs and wiring after upgrading your Mazdaspeed to a FMIC kit? The CorkSport Mazdaspeed engine cover is just the item you need to clean up the look in your engine bay. Manufactured from 5052 aluminum and black or red texture power coated for long lasting durability, this is bound to catch a few eyes at your next car meet. Please let us know what you think about the engine cover by leaving a review here: <http://corksport.com/mazdaspeed-engine-cover.html>

Pre-Installation Notes:

These instructions were written for reference only and the use of a factory service manual is recommended. Please read these instructions thoroughly prior to starting installation.

How our instructions work: To best cover all of our customers experience levels, we have included a table of contents/order of operations along with step-by-step instructions.

These installation instructions were written using a 2013 Mazdaspeed3. Other models and years will be similar.

Make sure your vehicle is completely cooled down prior to starting installation. If you are going to work on your car within an hour or two of having driven it, use a fan to cool off the car.
